**United Receptacle Street Baskets**

- Uni-Koat® powder finish withstands harsh weather conditions
- Single-sheet expanded metal body will not unravel
- 45-gallon capacity

United Receptacle street baskets are constructed of 16-gauge hot-dipped galvanized steel with an 18-gauge steel base. The six equally spaced vertical ribs are welded at every contact point for added strength. The small diamond pattern gives a modern appearance while keeping bits of debris from escaping. The steel base is perforated to provide drainage for rain or melted snow. 33"H with 24"Dia top and 19 1/4"Dia bottom. Weighs 33 lbs.

The optional dome top is constructed of 20-gauge steel. Push-door hinges are zinc phosphate treated to resist rust. Dome measures 11 1/2"H x 24 5/8"Dia. Door dimensions are 7 5/8"H x 11 1/4"W. Dome tops will also fit a 55-gallon steel or plastic drum.

**Shipping:** Baskets ship motor freight. Additional handling fees apply to dome tops.

**SafeSmoker™ Cigarette Receptacles**

- Polyethylene outer shell won't rust or fade
- Easy to empty
- Rain-protective design keeps water out and eliminates waste smells

SafeSmoker cigarette receptacles feature a long-stem design that restricts oxygen to quickly extinguish burning butts. Their galvanized steel collection bucket and high-density polyethylene construction with UV inhibitors are built to withstand extreme outdoor conditions. These easy-to-empty units eliminate waste smells with their removable, rain protective top. Hold-down tabs are included for security and wind protection. Choose from two sizes. Beige, black or gray color.

**Shipping:** Additional shipping fees apply to 4-gal models.
