## Safetyflex® Chemical-Resistant Raingear

- 17-mil thick yet comfortable and lightweight—weighs just 13 oz!
- Specialty PVC coating for aggressive applications
- Meet ASTM D6413 standards for flame resistance

These high-performance suits withstand the toughest jobs. Their mildew- and flame-resistant polyester knit material features a specialty PVC coating that protects against aggressive chemicals.

Heavy exterior coating offers excellent permeation resistance. The Therm-O-Rad sealed seams means no needle holes for chemicals to penetrate—ensuring you get 100% liquid-proof protection. High collar with hook-and-loop throat closure increases protection from splashes or overhead drips. The storm front fly seals out wind, rain and contaminants.

Suits are also built for comfort. They're soft and feature full cut shoulders with 90° sleeve-to-body angle to maximize freedom of movement. Tapered sleeves fit protective gloves or accommodate glove rings for added safety. Choose from high-collar jackets, with hood snaps (hood sold separately), bib overalls or coveralls with attached hood.

## Chemtex Chemical-Resistant Raingear

- Level C chemical-resistant suit
- Both chemical resistance for work around hypochlorite and rain protection
- 0.35-mm thick

This raingear offers excellent protection from many chemicals, as well as protection from the rain. Made from heavy-duty 0.35-mm thick PVC on hi-count polyester, this suit is rated "good" against chemicals such as chlorine and sulfuric acid. It meets federal apparel flammability act, FDS 5903.1.

Reinforced crotch, elbows and knees protect the suit from rips and tears. Features heavy-duty elastic suspenders with deluxe suspender clips, cord locks on hood strings, adjustable waist snaps, heavy-duty zipper, and ankle and cuff take-up snaps that allow you to seal your arms and legs off from chemicals. Order your hood, jacket and bib overalls separately.

### Ergodyne® Arsenal® Duffle Bags

- Sturdy hardware with heavy-duty zippers
- Extra tough and durable

These lightweight yet durable duffle bags are made with 600 denier polyester to withstand wear and tear. Heavy-duty webbing straps on top and sides provide extra reinforcement. Removable, adjustable padded shoulder strap allows stress-free transportation. Water-resistant backing repels water and stains. Bags feature two side pockets with zippers on each side to keep smaller items and parts easily accessible.
