

### Wheeler-Rex Hinged Pipe Cutters

Cut ductile, cast iron and heavy-wall steel pipe from 1/2 to 12" OD. Unique guide bar won't collect dirt like chained guide designs. Four cutter wheels require only 90 to 120° handle swing, and only 4" of clearance is required.

PIPE SIZE	ACTUAL	STOCK #	EACH	REPL. CUTTING WHEELS STOCK #	EACH
1/2 to 2"	0.47 to 2.36"	26543	\$	26569	\$
2 1/2 to 4"	2.44 to 4.92"	301120		26094	
4 to 6"	4.48 to 7.16"	301121		26095	
6 to 8"	6.61 to 9.44"	301122		26095	
8 to 12"	8.62 to 14.00"	26093		26095	

Fast, efficient pipe cutting!

### Reed Ratchet-Operated Soil Pipe Cutters

- Great for use in confined spaces
- Use for both hub and no-hub pipe

These cutters offer fast, efficient cutting of cast iron, clay and small-diameter concrete pipe. They feature ultra strong jaws and durable adjusting screws. Captured feed screw design saves you from manipulating screws into place, reducing screw and cutter breakage. This design also increases functionality in confined spaces.

**Includes:** multiple-use 1/2" ratchet wrench and No-Hub® Roller Kit.

**Maximum pipe capacities by material**

Extra heavy-duty cast iron soil pipe:	2 to 4"
Service-weight cast iron soil pipe:	2 to 8"
Concrete pipe:	4 to 6"
No-hub cast iron soil pipe:	1 1/2 to 8"
Clay pipe:	2 to 15"

MFR #	MAXIMUM PIPE CAPACITY (NOMINAL)*	WEIGHT (LBS)	STOCK #	EACH
SC49-6	Up to 6"	17.6	79796	\$
SC49-8	Up to 8"	19.4	79797	
SC49-12	Up to 12"	23	79798	
SC49-15	Up to 15"	24.8	79799	

\* See spec box for pipe material compatibility.

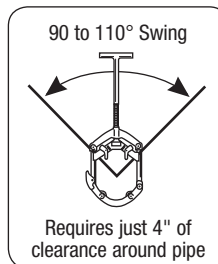

### Reed Hinged Ductile Pipe Cutters

- Requires only 4" clearance
- Cuts easily with little user effort

The hinged ductile pipe cutter tracks better for square cuts. With a 90 to 110° swing and a closed 360° frame, it forces all energy into cutting the pipe, providing maximum efficiency with little effort.

These lightweight pipe cutters are equipped with four cutting wheels specifically for use with ductile and cast-iron pipe. For cutting steel pipe, heavy-wall and stainless steel pipe, order the heavy-duty Sch 40 or Sch 80 cutting wheels. Hinged cutters pre-equipped with Sch 40 or Sch 80 cutting wheels are available as special order. Contact USABlueBook for more information.

### Reed LCRC8I Rotary Pipe Cutters

- Cold cuts large diameter pipe in close quarters

Reed LCRC8I rotary cutters cold cut large diameter pipe in close quarters. These cost-effective cutters operate safely and easily while requiring only 4" of clearance space. Use them anywhere, including in overhead positions, under water or in explosive atmospheres. Cutters feature slip-on handles that turn the cutter around the pipe in one direction and tighten it every half revolution.

Reed rotary cutters are equipped with four cutting wheels specifically for use with ductile pipe. For cutting steel pipe, heavy-wall and stainless steel pipe, order the heavy-duty Sch 40 or Sch 80 cutting wheels. Rotary cutters pre-equipped with Sch 40 or Sch 80 cutting wheels are available as special order. Contact USABlueBook for more information.
