Ryobi® 18V One+™ Drill and Impact Driver Kits

- Drill driver offers two-speed motor (0-440, 0-1600 rpm); no load speed
- Impact driver offers 0-2600 rpm; no load speed
- Dual chemistry charger for Li-Ion or NiCD batteries

This useful kit includes a drill driver and an impact driver. The drill driver features a 1/2" single-sleeve, keyless chuck with automatic spindle lock for easy bit changes, a two-speed gear box and a 24-position clutch. The impact driver delivers 1600 in-lbs of torque and 3200 impacts per minute for the most demanding applications.

Includes: screwdriver bits, (2) P102 1.3 Ah compact Li-Ion batteries, P118B 18V One+ dual chemistry charger, tool bag, belt clip and manuals.

Ryobi® 18V One+™ Batteries and Chargers

- Extreme weather performance to withstand frigid weather conditions
- Fade-free power for maximum performance
- Compatible with all Ryobi 18V One+ tools

Ryobi batteries feature advanced electronics for maximum tool performance. Improved Li-Ion cells offer up to 1.5x more runtime. They easily snap into place and detach with quick-release, easy-access latches.

Batteries with HP technology communicate with brushless tools to optimize power, runtime, torque and speed. Chargers feature IntelliPort™ technology, which protects battery cells, maximizes battery life and conserves energy.

Ryobi® 18V One+™ Cordless Reciprocating Saws

- Up to 2900 spm; no load speed
- Tool-free open-lock blade clamp for easy one-handed blade changes

NEW!

This durable reciprocating saw offers 40% more power than its predecessor. The powerful 1 1/8" stroke length removes more material per cut. Variable speed trigger allows easy starts and cut control. ANTI-VIBE handle reduces vibration and user fatigue during prolonged use. Works with any 18V One+ battery (sold separately; see ad at left).
