

20V Max 3.0 Ah (301113)

**NEW models!**

20V Max XR 5.0 Ah (88597)

18 to 20V Adapter (300128)

### DeWalt® 1800W Portable Power Station & Battery Charger

- Convert DeWalt 20V battery power into on-to-go 120/240V AC power
- Also charges up to four 20V MAX batteries

Power your corded tools in remote locations, or plug into a wall outlet to charge up to four DeWalt 20V MAX batteries (extension cord required; not included). Provides 1800W (15A) continuous power and 3600W peak power. Features an integrated temperature-controlled cooling fan and heavy-duty roll cage. Weighs 18 lbs.

### DeWalt® Battery Packs and Chargers

DeWalt 18V XRP™ battery packs power all DeWalt 18V tools.

DeWalt 20V MAX™ battery packs power DeWalt's 20V MAX tools. They feature a three-LED charge status indicator. There is no memory and virtually no self-discharge. Choose from 3 Ah or 5 Ah units.

DeWalt 18V to 20V adapter lets you use 20V MAX lithium ion batteries in most 18V DeWalt tools. **Note:** adapter cannot be used with DeWalt batteries in DC970 or DC759 tools or with 20V/60V FlexVolt batteries.

#### Order battery pack chargers separately

Choose from units specifically designed for the 18V or 20V battery packs, or opt for either the dual-port combo charger (1 port each for 18V and 20V MAX) or the multi-port charger (4 ports for 20V MAX).

**Note:** Using the DeWalt 18V to 20V adapter (stock # 300128) with a 20V MAX battery still requires a 20V compatible battery charger (stock # 77829).

Charger 77829

Dual-Port Fast Charger 88598

### DeWalt® 20V MAX™ Tool Connect™ All-Purpose Cordless Work Lights

- LED provides natural white light
- Control remotely via Bluetooth
- 3-year warranty

**NEW!**

Use this all-purpose portable work light on your job site for nighttime and low-light projects. It's compact, durable and impact-resistant. Powerful, efficient LED technology produces up to 5000 lumens of natural white light.

The light can be used freestanding, tripod-mounted (sold separately below), or hung with a convenient integrated hook. Works with all DeWalt 20V MAX batteries (sold separately below) or FlexVolt® batteries (sold separately at above left ad).

**Note:** Bluetooth connectivity requires the free DeWalt Tool Connect app.
