YOUR BEST VALUE!

USABlueBook Upside Down Marking Paint

- Highest quality; low cost
- Water based—VOC compliant
- Fast drying

Low pallet pricing

Our popular marking paint is low in price since it comes directly from the factory with the reliable USABlueBook label. 100% satisfaction is guaranteed. Every can is full to the top with the best fast-drying VOC-compliant paint available. The lead-free water-based formula won't harm you or the grass, nor will it easily wash away.

USABlueBook marking paint also has by far the best cap, according to operators who use it regularly. The safety cap has a finger slot for easy one finger operation. No accidental discharges! You can also pull the cap off for use in any marking pistol or wand. APWA colors correspond to American Public Works recommendations for water and sewer lines.

Note: 12 cans per case.

Rust-Oleum® Industrial Choice™ Inverted Marking Paint

- Most linear feet per can
- Fast drying
- Choose from water- or solvent-based paint

Provides bright, fast-drying markings for excellent visibility. Apply by hand or with a marking wand (Stock # 43888) or pistol (Stock # 43890)—it's great for marking on pavement, concrete, gravel, grass, brick and dirt. Sold by the case of twelve 20-oz cans (net wt 17 oz each).
