New improved pistol grip & upgraded motor!

USA BlueBook EXCLUSIVE

NEW!

PlantPRO™ Utili-Pump II

- Great for meter pits, valve boxes & more!
- Pumps 15 gpm
- Runs on a standard DeWalt® or Milwaukee® power tool battery

Use these convenient pumps for pumping out meter pits, valve boxes, sumps and other hard-to-reach areas. Pumps operate on common DeWalt 20V or Milwaukee 18V power tool batteries (model dependent). With a new fully-charged battery, pump run time is about one hour.

Utili-Pump II improvements include an upgraded motor, an ergonomic pistol grip, and a permanently attached debris screen. 1-year warranty.

Note: Batteries are not included; order separately below.
