

XSORB® Spill Clean-Up Absorbents & Spill Kits

- Choose from universal, acid or caustic options

Be prepared to handle difficult spills at your facility with these eco-friendly absorbents and spill kits.

Universal spill clean-up absorbent is a lightweight particulate that absorbs spills and leaves surfaces clean and dry. It absorbs 7½ times more than clay—great for your budget! Use for oil, grease and paint. Non-toxic, eco-friendly and FDA-approved for use around food.

Acid neutralizing absorbent quickly encapsulates acid spills, neutralizing the acid and reducing emissions of toxic fumes. Absorbed material will not leach or cause harm to the environment. Choose from absorbent only or complete spill kits.

Caustic neutralizing absorbent is specifically formulated to clean up organic and inorganic caustics. With proper use, it absorbs the caustic and neutralizes it to pH levels that are within safe handling parameters. Choose from absorbent only or complete spill kits.

Note: Do not use any of these absorbents with hydrofluoric acid.

XSORB® Rock Solid® Paint Solidifier

- Thickens paint into a disposable solid in minutes

Leftover paint in liquid form cannot be thrown away in landfills. Rock Solid paint solidifier is the solution for easy and safe disposal. Just add to paint and shake or stir; paint thickens into a solid within minutes. Dispose in accordance with local regulations. Works with all water-based, latex and oil-based paints. Also great for spills.

Paint Hardener, 4-Gal Bucket	Up to 25 Gallons	96921	

OIL-DRI® Floor Absorbent

- Convenient plastic container—no more torn or broken bags!
- Faster absorbency and virtually dust free

The superior liquid retention and faster absorbency of OIL-DRI has made it the industry standard for years. Now it's available in a convenient durable plastic container with a lid to keep out moisture. OIL-DRI can be used on all fluids such as oil, grease and water. You'll use about half the amount of OIL-DRI to absorb spills as other absorbency products.

Shipping: Quantities of 6+ ship motor freight.
