## CHANNELLOCK® Adjustable Wrenches

- Thinner jaw profile for use in tight places
- Measurement scales show width of jaw opening

Non-protruding jaw with thinner jaw profile permits easier use in more confined spaces. Perfectly parallel jaw surfaces grip safely and reduce possibility of damage. Measurement scales on the jaws (inches on front and mm on reverse) are handy for sizing nuts, pipe and tube diameters. Made of high-strength chrome and vanadium steel.

WideAzz® adjustable wrenches have greater jaw capacity than standard adjustable wrenches of the same length. An 8" WideAzz wrench has the same jaw capacity of a 12" standard wrench. They also feature Code Blue® grips for added comfort on the job.

LENGTH	PIPE CAPACITY	STOCK #	EACH
<b>STANDARD WRENCHES</b>			
6"	15/16"	25906	\$
8"	1 3/16"	25908	
10"	1 3/8"	25913	
12"	1 1/2"	25917	
15"	1 11/16"	25918	
18"	2 1/8"	25919	
24"	2 7/16"	25916	
<b>WIDEAZZ WRENCHES</b>

8"	1 1/2"	26049	

## One-Hand Wrenches

Great for working in tight places, especially meter pits. Adjust sizes without finger adjustment. Turns any shape and grips both flat and round neck fittings. Plated to resist corrosion. Forged steel construction.

FITTING RANGE	PIPE RANGE	LENGTH	OVERALL WIDTH	STOCK #	EACH
1/8 to 3/4"	3/8 to 1"	10 1/2"	0.67"	24960	\$
1 to 1 1/4"	1 to 1 1/2"	15 1/2"	0.91"	24961	

## Klein Tools® 1/2" Drive Pipe Flange Ratchets

Features tapered handle for flange alignment. Industrial black finish. 15" OL.

DESCRIPTION	STOCK #	EACH
1/2" Ratchet	85794	\$

## Strap Wrenches for Plastic Pipe

Extra strong neoprene coated nylon strap is superior to cotton straps for slip resistance and durability. We also carry replacement straps. Ductile-iron handle.

		STOCK #	EACH	STOCK #	EACH
12"	1/8 to 2"	25200	\$	25201	\$
18"	1 to 5"	25205		25206	
24"	2 to 12"	25207		25208	

## Adjustable Pipe Flange Wrenches

Fits all nuts and bolts to 1 1/2". Continuous tapered handle is used to align flange holes. Industrial blade finish. Nominal 15" OL. In case you haven't seen it before, this is a great tool. It can prevent a lot of stripped threads, pinched fingers and obscene language.

DESCRIPTION	STOCK #	EACH
Adjustable Wrench	25069	\$

## Reed Chain Wrenches for Large Diameter Pipe

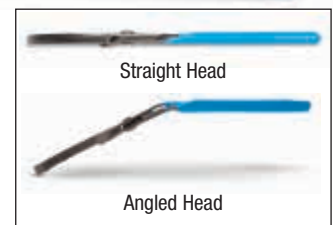

Dual reversible jaws permit ratcheting action in either direction. Wrenches feature twice as many chain slots as other brand-name models. Other sizes are available; contact USABlueBook for more information.

MFR #	CAPACITY	LENGTH	WT (LBS)	STOCK #	EACH
