

Arch-Style Curb Boxes

- Curb boxes telescope one foot
- Rugged steel and cast-iron construction

A.Y. McDonald's rugged arch-style curb boxes are built to handle years of buried exposure. Featuring cast-iron base castings and steel upper sections, all models adjust 12" in overall length for ease and flexibility during installation.

Use these curb boxes with regular pattern inverted plug curb stops and regular pattern ball valves. Models with small arch patterns fit 5/8", 3/4" and 1" curb stop sizes. Models with large arch patterns fit 1 1/4", 1 1/2" and 2" curb stop sizes. Arch pattern adapter accessory converts small arch pattern to large pattern.

Choose from models with different lid styles and with or without shut-off rods (rods will be 18" shorter than maximum extended curb box length). Contact us for more information on ordering curb boxes in different overall lengths.

Choose from two lid styles

2-Hole Erie Lid

Pentagon Plug Lid

2-hole Erie models include a shut-off rod

Telescoping Curb Boxes

- Fully adjustable from 4 to 7 feet in length
- Lightweight, non-corrosive HDPE construction
- Choose from arch or Minneapolis style patterns

Minimize your curb box inventory with these A.Y. McDonald telescoping length curb boxes. Their convenient two-piece slip-joint design allows for complete adjustment from 48 to 84" in length. Body is made from 1 1/4"-diameter corrosion-resistant HDPE.

Choose from arch and Minneapolis style bases. Arch pattern adapter accessory converts small arch pattern to large pattern. Extension shut-off rod sold separately.

Includes: pentagon plug-style lid.

Curb Box Extensions

- Repair or extend the length of existing curb boxes
- Available for 1" and 1 1/4" upper sections

Increase the height of an existing curb box or repair damaged top sections. Extensions slide over the top of the box pipe and secure to the desired height with included set screws. **Top section extensions** are threaded for curb box lids. **Middle repair couplings** include two set screws for joining box sections.
